

AFLAC-Group Product Overview

AFLAC Helps Pay What Major Medical Doesn't

Aflac is supplemental insurance that provides you and your family cash in your time of need. All Aflac benefits are paid to you directly, regardless of how much your health insurance covers. These benefits are paid separately and may overlap with other available plans in order to give you the most coverage.

Group Critical Illness:

Aflac Group Critical Illness insurance helps employees recuperate from a critical illness, without burdening you with financial concerns that can cause stress and slow your recovery time. The plan provides a lump-sum payment upon the diagnosis of each covered illness including cancer, heart attacks, heart surgeries, strokes, renal failure and more.

The plan's lump-sum cash benefits (\$10,000, \$20,000 or \$30,000) can be used to help cover medical expenses (not covered by your major medical insurance), routine living expenses and even miscellaneous out-of-pocket expenses like travel and lodging. Aflac Group Critical Illness coverage helps to alleviate your financial stress which can take away from a healthy recovery. Cash benefits for annual health screenings (\$50) and mammograms (\$200) are also included.

Group Accident Insurance:

Group Accident insurance provides benefits for injuries incurred both on and off-the-job. Virtually any injury you seek treatment for including but not limited to, work-related injuries, motorcycle or car accident injuries and sports-related injuries will all qualify for the benefit. Whether you suffer a fracture, torn ligament, dislocation, or even burns and cuts, this plan will provide you cash whether you miss work or not. An accidental death benefit (up to \$100,000) and a wellness benefit (\$60 for routine exams, paid once per year per covered person, starting the 13th month) are also included.

Group Hospital Indemnity:

Insurance designed especially for hospital stays of any kind. Coverage includes a daily benefit for hospital confinement due to any illness, injuries, and even child birth. Receive additional benefits for doctor visits, surgeries and more.
