

Preferred Dentist Program (PDP) 2012

MetLife

Directory of Participating PDP Dentists

Southern California

THE METLIFE PREFERRED DENTIST PROGRAM (PDP)

Regular visits to the dentists can do more than just brighten your smile. Dentists can play an important role in helping to identify conditions like diabetes, osteoporosis, and more.¹ That's why it's important to make the most of your dental benefits.

When you visit a dentist or a specialist in the MetLife Preferred Dentist Program (PDP) network, your out-of-pocket costs are usually lower. That's because participating providers have agreed to accept negotiated fees² for dental services. The negotiated fees are usually 15% to 45% less than the average dental fees in the same community. This can help you lower your final costs and stretch your annual maximums.

With a large network of participating dentists and specialists, there's a good chance the dentist you are looking for is in our network. So, whether you are at home or on a vacation, you will be able to find a participating PDP dentist. Plus, you can rest easy knowing our dentists have passed a rigorous selection process.

In addition, with the PDP, you'll enjoy:

- Freedom of choice to go to any dentist.
- Additional savings³ when you visit an in-network dentist.
- Service where and when you want it.
- Educational tools and resources to help you and your dentist make better choices.

Now that is something to smile about. Make the most of your dental benefits.

Remember... maximize the value of your dental benefits.

Take advantage of your in-network benefits. Visit a PDP dentist to reduce your out-of-pocket costs.

- Keep a healthy dental regimen by getting routine exams and cleanings. The cost of preventive services is usually less than the cost for fillings, root canals, extractions, etc.—and can help to prevent the incidence of these higher-cost treatments.
- Use the Dental Procedure Fee Tool to look up the average costs for in- or out-of-network⁴ services such as exams, cleanings, fillings, crowns, and more. Just log on to the MyBenefits website.
- Request a pre-treatment⁵ estimate showing what your plan covers for the services your dentist recommends (typically for those services over \$300). To receive a benefit estimate, have your dentist submit a request online at www.metdental.com or by calling call 1-877-MET-DDS9 (phone number and website for dental professionals only).
- Visit the dental education website at www.metlife.com/mybenefits for important tools and resources to help you become more informed about dental care.

1. Academy of General Dentistry. The Importance of Oral Health to Overall Health, www.agd.org/public/oralhealth. Accessed 3/11

2. Negotiated fees on non-covered services may not apply in all states.

3. Savings from enrolling in a dental benefits plan will depend on various factors, including how often participants visit the dentist and the cost of services covered.

4. Out-of-network fee information is provided by go2dental.com, Inc., an industry source independent of MetLife. This site does not provide the benefit payment information used by MetLife when processing your claims. Prior to receiving services, pretreatment estimates through your dentist will provide the most accurate fee and payment information.

5. Actual payments may vary depending upon plan maximums, deductibles, frequency limits and other conditions at time of payment.

FREQUENTLY ASKED QUESTIONS

Who is a participating Preferred Dentist Program (PDP) dentist?

A participating dentist is a general dentist or specialist who has agreed to accept MetLife's negotiated fees as payment in full for services provided to plan participants. PDP fees typically range from 15-45%* below the average fees charged in a dentist's community for the same or substantially similar services.

*Based on internal analysis by MetLife. Savings from enrolling in the MetLife PDP Program will depend on various factors, including how often participants visit the dentist and the cost for services rendered.

How do I find a participating PDP dentist?

This directory contains a list of participating PDP dentists in your area. For an updated listing, please refer to our online directory at www.metlife.com/dental.

What services are covered by my plan?

All services defined under your group dental benefits plan are covered.

Does the Preferred Dentist Program (PDP) offer any discounts on non-covered services?

MetLife's negotiated fees with PDP (in-network) dentists may extend to services not covered under your plan and services received after your plan maximum has been met, where permitted by applicable state law. If you receive services from a PDP dentist that are not covered under your plan or where the maximum has been met, in those states where permitted by law, you may only be responsible for the PDP (in-network) fee.

May I choose a non-participating dentist?

Yes. You are always free to select the dentist of your choice. However, if you choose a dentist who does not participate in the MetLife PDP, your out-of-pocket expenses may be higher, since you will be responsible to pay for any difference between the dentist's fee and your plan's payment for the approved service. If you receive services from a participating PDP dentist, you are only responsible for the difference between the PDP in-network fee for the service provided and your plan's payment for the approved service. Please note: any plan deductibles must be met before benefits are paid.

Can my dentist apply for PDP participation?

Yes. If your current dentist does not participate in the PDP and you would like to encourage him or her to apply, tell your dentist to visit www.metdental.com, or call 1-877-MET-DDS9 for an application. The website and phone number are for use by dental professionals only.

How are claims processed?

Dentists may submit your claims for you which means you have little or no paperwork. You can track your claims online and even receive e-mail alerts when a claim has been processed. If you need a claim form, visit www.metlife.com/dental or www.metlife.com/mybenefits if you are registered on MetLife's MyBenefits. You can also request one by calling 1-800-942-0854.

Can I find out what my out-of-pocket expenses will be before receiving a service?

Yes. With pre-treatment estimates, you never have to wonder what your out-of-pocket expense will be. MetLife recommends that you request a pre-treatment estimate for services in excess of \$300. Simply have your dentist submit a request online at www.metdental.com or call 1-877-MET-DDS9. You and your dentist will receive a benefit estimate for most procedures while you are still in the office. Actual payments may vary depending upon plan maximums, deductibles, frequency limits and other conditions at time of payment.

How can I learn about what dentists in my area charge for different procedures?

If you have MyBenefits you can access the Dental Procedure Fee Tool provided by go2dental where you can learn more about approximate fees for services such as exams, cleanings, fillings, crowns and more. Simply visit www.metlife.com/mybenefits and use the Dental Procedure Fee Tool to help you estimate the in-network (PDP fees) and out-of-network fees* for dental services in your area.

*Out-of-network fee information is provided by go2dental.com, Inc., an industry source independent of MetLife. This site does not provide the benefit payment information used by MetLife when processing your claims. Prior to receiving services, we recommend that you obtain pre-treatment estimates through your dentist.

Can MetLife help me find a dentist outside of the U.S. if I am traveling?

Yes. Through international dental travel assistance services* you can obtain a referral to a local dentist by calling +1-312-356-5970 (collect) when outside the U.S. to receive immediate care until you can see your dentist. Coverage will be considered under your out-of-network benefits.** Please remember to hold on to all receipts to submit a dental claim.

*International Dental Travel Assistance services are administered by AXA Assistance USA, Inc. AXA Assistance is not affiliated with MetLife and any of its affiliates, and the services they provide are separate and apart from the benefits provided by MetLife.

** Refer to your dental benefits plan summary for your out-of-network dental coverage.

This directory contains the names of participating dentists in the MetLife PDP as of 04/30/12. You should always advise your dentist that you are eligible for this program and verify when you schedule your appointment that he or she still participates in the MetLife PDP.

This directory is arranged in alphabetical order by town (city), dentist and specialty within town.
